College Student
Polytechnic University of the philippines

Hi! I'm Mark Jade Gurrobat, an aspiring IT professional passionate about software development, system design, and user-focused digital solutions.

I enjoy building responsive websites, practical applications, and tools that simplify everyday tasks.

My goal is to continuously grow my technical skills while creating projects that make a positive impact.

Specialties

- UI/UX design for desktop and web apps
- Frontend development basics
- Collaborating effectively in team-based projects

Skills

- Team Work
- Time management
- Python, Java, HTML, CSS, JavaScript
